Sure, that sounds fine.

Thanks, Lora

Our opening for a presentation is flexible. What would you propose?

Does 20 minutes for a presentation and 10+ minutes for Q&A sound feasible for your team?

Hi, Rich  
ATSDR R3 is ok to participate in your conference call, along with EPA R3 toxicologist Dawn Ioven and perhaps also EPA R3 OSC Jack Kelly if his time permits.

How much time would you like us to prepare for?

Please include me, Robert Helverson, and Karl Markiewicz in your mtg invite (we are all ATSDR R3 but on the EPA LAN) as well as Dawn and Jack so we set aside this time on our calendars and don't forget!

Thanks, Lora

Thanks, Rich.

I will pursue this with ATSDR/CDC HQ and let you know as soon as I can.

Best, Lora

**Subject:** Seeking Speaker About Spill of Methylcyclohexane Methanol (MCHM) in WV

Now that the spill is no longer an emergency, I am interested in identifying a speaker to discuss the scientific (e.g., risk assessment) aspects of the federal and state response to the methylcyclohexane methanol (MCHM) spill in WV during an upcoming call of the OSWER Human Health Regional Risk Assessors Forum (OHHRRAF). I understand, from my inquiries within EPA Region 3, that you may be the most authoritative candidate for such a presentation. Would you be able and willing to speak on risk-related topics? Our next call is scheduled for March 20. Alternatively, might you be able to identify another individual for me to contact and solicit as a speaker?

Thanks for your time and consideration.

Rich Kapuscinski

OHHRRAF Tri-chair
